

Assembly Instructions

----- Outward fold

----- Inward fold

Instructions

1

Separate all parts along the lines.

2

Make cuts along all the black lines at the roof.

3

Use a pen whose ink has dried out, or a tracer, to trace the lines.

4

Fold the taxi along the lines.

5

Glue the tab, forming the taxi body.

6

Fold and glue T02 and T03 separately, then cut them into mirrors.

7

Finally, glue mirrors to the marked positions on the taxi body.
Taxi is now done!
